Montreal School Trustees

Decide to Raise Salaries of

Decide to Raise Salaries of Grade Teachers 20 Per Cent

grade teachers' salaries by what practically a 20 per cent increase all

boards it may be raised by 25 percent. Practically 75 to 80 percent increase all over the state. In the public school system, high school teachers are getting a 20 percent increase and elementary school teachers are getting an adjustment to be held next Monday. Delegations were present from the various school divisions. The progress of the division, but did not have a chance to discuss. It had already presented at the last year. The aggregate amount of the increase for the next session will be in the neighborhood of 20 percent taken on a basis of the year's staff.

There were several divisions on the floor. The result of the

increase of 20 percent for Mr. Hea, Mr. Cushing and Mr. Duggan was a 20 percent increase. Messrs. Hea and Cushing were in favor of the amendment. Mr. Duggan was alone in favor of the amendment. The whole went before the board. Mr. Hea, Mr. Cushing and Chairman Duggan were in favor of offering, they said, the system of the amendment. The division between the first and second grade teachers to the straight 20 percent.

Dr. Crang had withdrawn his original motion for a 20 percent amendment to the amendment, that all grade, high school and elementary school teachers get a 20 percent increase over the present schedule.

In speaking to this, Mr. Rea said that it would upset all the present

[illegible]

Another scheme for an increase that was proposed by Dr. Crang and was

Schedule as worked out on this date over the five years for the first year of the new schedule is \$17,000, \$17,125, \$17,250, \$17,375 for the first four years and \$17,500 for the fifth year. The present schedule for the first five years is \$16,100, \$16,225, \$16,350, \$16,475, \$16,600. The present schedule has been starting with a minimum of \$16,000 going to \$16,000, \$16,125, \$16,250, \$16,375, \$16,500.

A original motion as put to the board was that the salary schedule be increased by 10 to 20 per cent increase over the present schedule. The board of grade teachers (since it had no vote) was in favor of the 20 per cent increase (the 10 per cent was first). To this an amendment was put by Trustee Wm. R. Rice, that the salary schedule be increased by 10 per cent. This amendment passed, but that the special incentive plan be continued. The board of grade teachers for the year 1919 was in favor of the 20 per cent increase between his amendment and the original motion.

Another scheme for an increase that was put to the board was that the salary finally list in the general increase to tide over the demand temporarily until the new schedule could be started the months of July and August. This would be a temporary measure until the new schedule. This would give them a 10 per cent increase for the year regulated only the one year. Dr. Crane was in favor of this. The board of each year should be determined by the new school board. All the other members of the board were in favor of this. There should be some permanent increase in the salary schedule. It was also suggested that the board be able to attract the best teachers to the school.

Most of the routine business of the board was left over to a later meeting. The board of grade teachers felt that greater accommodation was made for the board of grade teachers available in the Technical School, and that the board of grade teachers should be able to attract the best teachers to the school.

The resignation of Mr Madill was

the board was the amount of \$250,000 in advance to second-class teachers for the year 1930-1931, on account of high cost of living. The board was asked to pay the same amount, and was supported by Trustees and the school board. The board of trustees was asked to pay the same amount, and was supported by Trustees and the school board. The board of trustees was asked to pay the same amount, and was supported by Trustees and the school board.

CALGARY WOMAN SAYS SHE SUFFERED THIRTY-FOUR YEARS

Mrs. Newman Declares Results of Tanic in Her Case Have Been Simply Wonderful

Remarkable, indeed, was the statement made recently by Mrs. Harriet Newman, who resides at 1412 7th Avenue West, Calgary. Mrs. Newman declared that she had been afflicted for thirty-four years with a chronic ailment which she had been told was incurable. She had been told that she would never be able to get any better, and while it had been a long time, she had been told that she would never be able to get any better, and while it had been a long time, she had been told that she would never be able to get any better.

After suffering from indigestion and stomach trouble for thirty-four years, she had been told that she would never be able to get any better, and while it had been a long time, she had been told that she would never be able to get any better, and while it had been a long time, she had been told that she would never be able to get any better.

MAKING THE SOLDIER A CIVILIAN

EARLY in the war, the Government realised that the returned soldier would need one of three things.

- (1) If he was ill, he would want to be made well.
- (2) If he was so disabled by service that he could not follow his old occupation he would want an opportunity to recover his power to be made good as a civilian.
- (3) If he was fit, he would want to be put into touch with employment opportunities.

To help in this three-fold service the Department of Soldiers' Civil Re-Establishment was organized.

The Medical Branch

The Medical Branch of this Department gives the special after-care that soldiers who have suffered through war service need.

On his return to Canada the invalided or wounded soldier is treated in military hospitals. If the Medical Branch is satisfied that his case requires extended treatment in this disease, he is discharged from the army and comes under the care of this Department.

The Medical Branch then provides free medical and surgical treatment:—free artificial limbs and special boots for deformed feet;—free surgical appliances, eyeglasses, etc.;—free dental treatment.

At present this service is available not only on the soldier's discharge from the army, but whenever he becomes ill on account of disease or wounds due to war service.

The Vocational "Re-Training" Branch

Some soldiers have so suffered on war service that they are prevented from working at the trade or occupation they followed before enlisting. This branch of the Department arranges for such men

only in clerical and pay departments. Also as a result of this pressure, the various military district officers have been ordered to make arrangements with the personnel of their units before sailing. To these two causes, the report says, much of the consequent confusion and waste of discharges was due.

The lack of co-operation and the workings of a faulty system, together with the shifting of responsibility on the part of the officers, are held as responsible for considerable delay in the discharges of the men. Some of the sections in which the returning men were quartered were overcrowded, while others had space to spare, involving inadequate feeding facilities and unsatisfactory conditions.

consequent upon the rough weather conditions which caused many of the men to be sent to the hospital. It is pointed out in the report, were among the men who might have been corrected had there been forthcoming efficient and sympathetic officers.

The failure of the officers responsible for the men's comfort to "go below" to study conditions under which the men were living also came in for Judge Hodgins' criticism.

The report also in its voyage to allow the men the use of the promissory note, a privilege after being so long in the hands of the military authorities, and in the report, as in the lack of discipline prevailing on the troops.

Were Bitterly Disappointed. The report says that no ill-fated voyage was made, and that the men were disappointed in the result of the voyage.

Regarding the connection of the military with the civilian, Judge Hodgins states: "I have heard nothing in the inquiry which in any way reflects upon the British authority."

Only One "BROMO QUININE" to get the genuine, call for full name, "BROMO QUININE" and ask for the genuine. Look for signature of W. B. GILBERT, "Cures a Cold in One Day."

MAKING THE SOLDIER A CIVILIAN

EARLY in the war, the Government realised that the returned soldier would need one of three things.

- (1) If he was ill, he would want to be made well.
- (2) If he was so disabled by service that he could not follow his old occupation he would want an opportunity to recover his power to be made good as a civilian.
- (3) If he was fit, he would want to be put into touch with employment opportunities.

To help in this three-fold service the Department of Soldiers' Civil Re-Establishment was organized.

The Medical Branch

The Medical Branch of this Department gives the special after-care that soldiers who have suffered through war service need.

On his return to Canada the invalided or wounded soldier is treated in military hospitals. If the Medical Branch is satisfied that his case requires extended treatment in this disease, he is discharged from the army and comes under the care of this Department.

The Medical Branch then provides free medical and surgical treatment:—free artificial limbs and special boots for deformed feet;—free surgical appliances, eyeglasses, etc.;—free dental treatment.

At present this service is available not only on the soldier's discharge from the army, but whenever he becomes ill on account of disease or wounds due to war service.

The Vocational "Re-Training" Branch

Some soldiers have so suffered on war service that they are prevented from working at the trade or occupation they followed before enlisting. This branch of the Department arranges for such men

free re-training in some trade or occupation. While undergoing medical or surgical treatment in the hospitals of the Department, "Re-Training," the soldier receives pay and his family and dependents are granted adequate allowances.

Information and Service Branch

This branch of the Department has been organized recently to give special service to the demobilized soldier.

This branch first comes into contact with the soldier in France and England. Here it finds out the soldier's previous experience, the employment he now prefers to take up, and the locality in which he intends to settle.

Representatives of the Department keep in constant touch with returning soldiers before they reach Canada to let the men know just what the country is prepared to do for them, to advise them, and to give them information.

This service will be extended throughout Canada and by means of it the returned soldier will be placed in touch with the various Employment Offices, where details of existing opportunities for employment are available.

The representatives of the Department will themselves be returned men—those who can appreciate the soldier's problem. The work they are to do will be described more fully in later announcements.

Any one interested in the work of this Department information will be glad to supply it. Write to the Department of Soldiers' Civil Re-Establishment, OTTAWA, CANADA.

Prohibition in Canada

An Open Letter to the People of Canada

THIS STATEMENT is being published in the Daily Papers in every Province of Canada in order to call attention to the following facts:

- First fact:** Every Province in Canada now has a Temperance Law in force with the exception of Quebec. On May first, 1919, the Quebec Temperance Law will come into force.
- Second fact:** The Dominion Government passed Legislation under the powers granted in "The War Measures Act," which prohibited for the period of the war and twelve months thereafter, Importation, Manufacture and Interprovincial Shipment of liquor for drinking purposes. This Legislation is necessary to make effective that of the Provinces.
- Third fact:** The people of Canada want this Legislation continued in effect until

the Citizens of Canada, including all the soldiers, shall have had an opportunity to vote on the question of making it permanent.

Fourth fact: There is an insidious and far-reaching propaganda now being carried on which aims to discredit the Prohibitory Laws and restore liquor-drinking for the personal profit of the Liquor-Seller.

Fifth fact: The requisite number of State Legislatures in the United States having adopted the Prohibition Amendment, Canada must act in harmony with it or become the dumping ground for liquor and its unfortunate victims.

Who Want Prohibition?

Ask—

1. The Business men and Industrial leaders whom you know.
2. The working men and working women whom you know.
3. The Mothers, Wives and Children whom you know.
4. The Soldier Citizens of Canada whom you know.
5. The farmers whom you know.

We know that

1. Every Church and Religious Denomination in Canada has pronounced in favor of Prohibition through its Executive Boards and Church Leaders.
2. Practically all School-teachers, Doctors, Public Health Officers, City Relief Officers and Social Workers in Canada are in favor of Prohibition.
3. The Provincial Governments, the Courts and the Police have learned that Prohibition reduces crime and disorder and promotes Peace and Prosperity.

Some Significant Contrasts

The Liquor People are looking for immense profits. WE HAVE NO SELFISH INTEREST TO SERVE.

The Liquor Interests hide behind indefinite names and work by underground methods.

WE SIGN OUR OWN STATEMENTS AND WORK IN THE OPEN.

They hope to win by a Lobby. WE WANT THE PEOPLE TO DECIDE.

They are reactionaries. WE ARE IN THE PATHS OF HUMAN PROGRESS.

They are circulating throughout the country a prescription for influenza, that is purported to come from the world celebrated Mayo Clinic, Rochester, Minnesota.

Here is what Dr. C. H. Mayo says:

"The prescription which is alleged to have been written by us is a fake. Alcohol or whiskey have no place in the treatment of influenza."

Temperance Platform

The Dominion Prohibition Committee are asking:

1. That the Prime Minister and Government of Canada be requested to take the steps necessary to continue in effect the provisions of the Order-in-Council of March 11th, 1918, (P.C. 589) by having the same embodied in Legislation to be enacted by the Parliament of Canada.
2. That the legislation so enacted be continued in effect until such time as a vote of the electors of the Dominion of Canada shall have been taken on the question of its continuance or discontinuance.
3. That the vote on this question be taken at a date to be fixed by the Government of Canada at least six months prior to the day of voting and with due respect to the restoration to civil life in Canada of the Canadian soldiers now overseas.

What You Can Do to Help the Cause

The Dominion Parliament must consider the question of Temperance Legislation in some form at the next session. We are asking Parliament to embody in an Act, the Provisions of Orders-in-Council now in force with suitable provision for its submission to the people.

As a Citizen of Canada write to your Member of Parliament urging his active co-operation with the Government in carrying out this policy. Put your ideas in your own way and send your letter to your Member's home address as soon as you read this Statement.

Members of Parliament and National Policies are influenced by Public Opinion. Your action will be one of the ways of indicating what the people think.

We desire to warn our friends against any weakening of resolution at this critical moment. The liquor interests are at work in every Province trying to give the impression that there is a general dissatisfaction with existing laws and are using what is done in one Province to foment unrest in the others. Don't let the enemies of Prohibition do all the agitating.

If any information comes to your notice that the Central Committee should have, write at once to D. B. Harkness, General Secretary, 605 Kent Bldg., Toronto.

News of the District

HALCOURT
The annual meeting of the U.F.A. was held recently and some new blood was introduced into the management. C. A. Gaunt was elected president, according to the late President D. W. Chambers. Walter P. Harkness was re-elected secretary-treasurer.

President Gaunt anticipated an exceptionally interesting series of meetings during the winter months. He extends a hearty invitation to each member of the community to take full advantage of these. Messrs. Gaunt, Pinnell, Walker and Cook attended the U.F.A. convention at Lake Umbagog on the 18th. John Schweitzer's sale of live stock and implements, held on the 11th, was a decided success. M. H. Whit-

ter proved an efficient auctioneer. The annual meeting of the Halcourt school district was held on the 18th with about the usual number in attendance. John K. Pinnell, the secretary, gave a clear and apparently satisfactory account of the board's operations for 1918. John Strong was re-elected for a three-year term. Otto Hester recently brought in a young stock. James Carey's chickens beginning operations on his coal mines in the very near future.

Mr. Karr purchased a good goose team at John Schweitzer's sale. Edwin Schenk recently bought a brood mare. Mr. Rhene, of Red Willow South, is proving a very successful hunter. He recently secured his third fox for this season. Frank H. Brown shot a moose a few days ago. James Carey's chickens beginning operations on his coal mines in the very near future.

ARMENIA PROTESTS NON-RECOGNITION

PARIS, Jan. 28.—Armenian representatives in Paris at a meeting last night voted to forward to the peace conference and the parliament of the Allied governments a resolution protesting against the non-recognition of Armenia as a co-belligerent and the refusal to admit the delegates to the peace conference. The resolution declares that in addition to refusing orders from Germany and Turkey, the

Armenians embraced the Allied cause at the first opportunity and fought side by side with the Allies until the end. The Armenians, it is said, fought on the Greek and Caucasian fronts. The resolution recalls that after the first-Livermore peace treaty the poorly provisioned Armenian army alone resisted the Turkish advance. In recognition of these efforts the resolution asks that the Allied and associated powers recognize the rights of the Armenian nation, its independence already proclaimed and admit

its delegates to the peace conference, so that the solution of the Armenian question may be made with consent of the Armenian people." **COL. C. A. SMART PROMOTED BRIGADIER** LONDON, Jan. 28.—(C.A.P.)—Col. Charles A. Smart, who has been commanding at the Redcliffe camp for some time, is gazetted a brigadier. Col. Smart went overseas as officer commanding the Fifth Canadian Mounted Division in the summer of 1918.

Canadian Units in Allied Army Of Occupation Will be Held For Divisional Demobilization

Military Authorities Issue Orders Dealing With Retention of Canadian Corps in Rhineland—Married Men Will Return First Followed by Single Men in Order of Length of Service Overseas

Ottawa, Jan. 29.—The department of military and defence today issued the following statement with regard to retention of the return of troops from overseas:—
First.—With regard to the Canadian corps and certain other troops in France. The military authorities in Rhineland have authorized the return of Canadian troops to Canada on account of length of service overseas.

Principles of demobilization of troops. As long as the corps constitutes a part of a larger military organization, such as the Canadian corps, it must remain a fully organized unit from the military point of view. For that reason it is impossible to demobilize any part of it in a manner which involves men being withdrawn from any other corps, or from a military unit. If men are withdrawn from a corps on account of length of service overseas, it is conceivable that all administrative services of the corps would break down and corps become ineffective. These services are made up in many instances of men who have been withdrawn to the corps in the first line.

Demobilization by Divisions.
Therefore, if you must send a complete unit. As a division is a complete unit, it must be sent as a complete unit. It is essential to retain them intact. The principle governing demobilization of a division is that men should be sent home by units. The organization under which the men have fought, should remain in existence as long as possible. It is believed that men will arrive in Canada in the same units and will be demobilized by the same units. The men who have fought, should remain in existence as long as possible. It is believed that men will arrive in Canada in the same units and will be demobilized by the same units.

What is asked to minimize the order of return of the corps command. It is recommended that the order of return of the corps command be as follows:—First, second, third and fourth, which they would be ready for demobilization. On account of the fact that the order of return of the corps command is as follows:—First, second, third and fourth, which they would be ready for demobilization. On account of the fact that the order of return of the corps command is as follows:—First, second, third and fourth, which they would be ready for demobilization.

DROP IN PRICES HOGS PROBLEM FOR MARKET

Absolute Uncertainty as to What May Come is Condition Prevailing Now

With the price of hogs at an all-time low, the market is in a state of absolute uncertainty. The price of hogs has dropped from \$15.00 to \$10.00, and the market is in a state of absolute uncertainty. The price of hogs has dropped from \$15.00 to \$10.00, and the market is in a state of absolute uncertainty.

The reason for the drop in prices is the fact that the British Ministry of Food has issued orders for the return of Canadian troops to Canada. This has caused a drop in the price of hogs, as the market is in a state of absolute uncertainty.

The market is in a state of absolute uncertainty. The price of hogs has dropped from \$15.00 to \$10.00, and the market is in a state of absolute uncertainty. The price of hogs has dropped from \$15.00 to \$10.00, and the market is in a state of absolute uncertainty.

SUNDAY'S RIOTS IN WINNIPEG AND THEIR RESULTS

From Winnipeg Telegram.—
The disorders started from an attempt upon the part of Winnipeg's police to lead a parade to hold a meeting similar to those of two previous Sundays, when riotous mobs passed entering the Boikewiki in the market square behind the city hall. The police were not seen for the rest of the day or night.
The disorders started from an attempt upon the part of Winnipeg's police to lead a parade to hold a meeting similar to those of two previous Sundays, when riotous mobs passed entering the Boikewiki in the market square behind the city hall. The police were not seen for the rest of the day or night.

At two o'clock the market square was filled with vandals, some 2,000 being on foot and 1,000 on horseback. They threatened to hold a meeting in the market square behind the city hall.

"Careful Mothers O'er the Land, Always Keep Cascarets at Hand"

Children think them dandy.

They call them Candy.

Contain nothing to harm.

Work like a charm. "Ten Cents"

Instead of nasty, harsh pills, salts, or the kind that cause colic, you can keep Cascarets handy for the children! Cascarets are always in a candy wrapper and will play up to a candy character at night and will wake up feeling fine.
